22 January 2003 ➤ **Consolidated Price Book (scheduled release date 11 April 03)**

TriService Regional Standardization Support DSCP Medical Materiel Directorate

Consolidated Price Book

Currently there are nine TriCare Regional Business Offices (TRBO) and each TRBO maintains their own form of a Price Book. Some Price Books are in spreadsheet form with unique formatting. These Price Books are available for downloading at each Region's web site through DMMonline.

A requirement came from the RLCs and Executive Agent office in Spring 2002 to provide a central (consolidated) price book showing Regional Incentive Agreement (RIA) items and pricing for all TriCare Regions.

The Consolidated Price Book is the solution to the requirement. This is an automated web based application that will provide RIA information to all

22 January 2003 military customers. Information can also be downloaded to the user's PC for further analysis.

TriService Regional Standardization Support DSCP Medical Materiel Directorate

Consolidated Price Book Overview of Requirements

Password Protected

Web Based Application

Designed for a 800 by 600 Resolution Monitor

Utilize a Central Database at DSCP-M

Two levels of Users: (1) User, (2) System Administrator

User Interface shall allow a user to:

- Select the name of their facility

- Select a TriCare region

- Search for RIAs by:

 - Product Group

 - Manufacturer Name

 - DAPA Number

 - Manufacturer Part Number

 - Description

 - PV Order Number

 - NDC

22 January

2003

TriService Regional Standardization Support DSCP Medical Materiel Directorate

Consolidated Price Book Overview of Requirements - continued

Search Results will Open a New Window

RIA Items will appear with a Green Check Mark

Non-RIA (DAPA) Items will appear with a Red Check Mark

RIA Items will be Shown by Default

User can Select to see DAPA Items Not on RIA

User can Select to see All Items Available

Record Fields shall Allow for Multiple Rows

User will be able to Select Records and see Detailed
Information

User will be able to Page through Results Instead of
Scrolling

User can Navigate by Using Forward and Back Buttons on
Browser

HELP Screens Providing Definitions will be Available in

Tri-Service Regional Business Office Medical Logistics Programs

Medical Services of the Department of Defense (DoD) have joined in a regional partnership to promote efficiency and responsiveness in support of the world's premier medical health care system. This initiative binds the health care activities of the Army, Navy and Air Force within DoD TRICARE.

The cornerstone of this partnership is a program to promote the regional standardization and committed volume purchasing of high quality medical-surgical supplies and medical equipment. The overall goal is to reduce costs, improve responsiveness, strengthen collaboration with suppliers, and enhance readiness. This Web Site promotes the communication and coordination within this regional partnership and provides potential business partners and other interested parties with information on this initiative.

Regional Standardization

This program operates under the overall structure of the DoD Prime Vendor Program of the Defense Supply Center Philadelphia (DSCP). Nine Tri-Service Regional Business Offices (TRBO), established throughout the United States, Europe, and Hawaii, serve as DSCP's forward presence, and are the integrator and focal point for the regional program.

This Web Site promotes the communication and coordination within this regional partnership and provides potential business partners and other interested parties with information on this initiative.

Here I've Selected the "All Prices" Button and Went to Page 107.
You Can Clearly See The RIA Items in Green Versus the
DAPA Items in Red.
